

# PRESENCE

By [admin](#) May 14, 2020

**In the woods this winter,**

**On a pathway half lightened by sunshine,**

**And other half with pine-shadows.**

**Surrounded by the unknown peace,**

**Where the mountain peaks are ready to embrace me,**

**Once again, Oh Lord, in a mystic way you made it happen,**

**That I felt your presence in all & one...**
